- Development in Angular of a dashboard based on mockup provided by the client (Figma)

Accenture / Google Play Apps—*Content reviewer*

DECEMBER 2018 - SEPTEMBER 2021 DUBLIN, IRELAND (REMOTE DURING COVID TIMES)
- Specialized in Spanish/English text and image content moderation and analyses to make sure data complies with client policy

ABOUT ME

I am a curious, creative and thinking outside the box kind of person, always thinking of what new skills I can learn to help me optimize and improve my professional and/or personal life.

I love keeping myself busy socializing, resolving coding challenges or with my hobbies which are knitting, crocheting, sewing, gardening and hiking.

LANGUAGES

Spanish, English

- Keeping myself up to date with the always-changing policies by attending huddles and self-paced learning systems
- Having the attention to detail to make decisions as to what course of action needs to be taken to ensure correct information is displayed using the client's tools and workflow systems.

Travelling — *Multiple roles to support travelling*

MAY 2014 - FEBRUARY 2018, CANADA, IRELAND, AUSTRALIA

- During this time abroad I have worked in multiple roles such as housekeeping, kitchen assistant, waitress, carer, deli assistant and barista.
- Thanks to this I have gained valuable personal experiences such as cultural awareness, adaptability and teamworking.

Coagra — *Veterinary Pharmacist*

APRIL 2013 - APRIL 2014, PUERTO VARAS, CHILE

- Coagra is a Veterinary Pharmacy, supplier of prescription and non-prescription veterinary medicines and animal accessories
- Provided technical advice to the staff and clients in a busy environment
- Reading and dispensing of prescriptions
- Diagnosis of animal illnesses

Bioanalisis Laboratory — *Laboratory Technician (Clinical Animal Laboratory)*

JANUARY 2012 - MARCH 2013, OSORNO, CHILE

- Worked on the National Brucellosis Eradication Scheme for Brucella abortus using the Rose Bengale technique
- Worked with E.L.I.S.A. for the screening of tuberculosis and paratuberculosis
- Completed parasitological exams in faeces
- Performed haemograms
